

VALET TRAY

Valet Tray

Package content

Valet Tray | Power adapter | User manual.

Product overview

Thank you for choosing Einova Valet Tray. The Valet Tray is a stylish and practical personal organizer that wirelessly fast charges your phone and keeps all your essential pocket items collected and easily at hand. Featuring Qi-certified fast charge technology that lets you power your fast charge-compatible device up to 2x faster. The Valet Tray works great with all Qi-enabled smartphones. Please read the user manual before using the product.

How to use

1. Connect the Valet Tray to the power adapter, and plug the wall charger into a power outlet.
2. Place your Qi-enabled smartphone in the wireless charging area of the Valet Tray and align it with the wireless charging spot. Your smartphone is correctly aligned when it begins to charge wirelessly.
3. Charge a second device simultaneously using the USB-A output.
4. You can charge two devices at once, using the USB-A output for wired charging.

Note: when your smartphone is sufficiently charged, wireless charging will stop to avoid damaging your device.

LED indicator

The LED in the center of the accessories area is a wireless charging indicator.

The LED remains OFF when the Valet Tray is not charging a device.

The LED turns ON when the Valet Tray is actively charging a device in the opposite wireless charging area.

Note: the USB-A port does not have an LED indicator.

Smartphone positioning

Adjust the smartphone position to ensure proper alignment with the charging coils of the Valet Tray. Direct contact required for wireless charging.

Safety information

Please read this safety information carefully before using the product to prevent injury to yourself or others and damage to your device.

Please keep this manual for future reference.

Do not damage the charging cable. Doing so may cause electric shock or fire.

Keep the product away from hot surfaces and sharp corners.

Do not use the product if one or more of its components are damaged or faulty.

The product contains electronic parts. Keep your device dry. Humidity and liquids may damage the electronic circuits of the device and may cause electric shock and fire.

Do not place any metal object on the charging, as it may overheat and cause a fire.
Do not place any other object between the smartphone and the charger.
Do not place any unplugged receiver on the wireless charger, as this can overheat the product and cause a fire.
Handle the charger with care. Do not drop your device. It may get damaged or may malfunction.
Do not disassemble, modify, or repair your charger. Any alteration or modification of your device may void the manufacturer's warranty. If your device needs servicing, contact the manufacturer.
Do not modify the product in any way. Any modification may increase the risk of injury.
Do not bite or suck on the device. Doing so may damage the device or result in an explosion or fire.
Children may choke on small parts. If children use the device, make sure that they use it properly.
If you notice a strange smell or smoke coming from your device, stop using it immediately. Continuing to use the device may result in fire or explosion.
Do not use the device for anything other than its intended use. The device may malfunction or may cause an electric shock or fire.
Never dispose of the device in a fire.
Avoid exposing your device to very cold or very hot temperatures. Extreme temperatures may damage the charger and reduce the lifespan of the device.
Do not store magnetic cards near the product. Magnetic cards, including credit cards, phone cards and boarding passes, may be damaged by magnetic fields.
Do not throw away the product with the household trash. The product needs to be recycled and disposed of responsibly.
