# Product overview

Thank you for choosing the **Einova Dual Charging Stone**! The Dual Charging Stone adds a little luxe to your everyday recharge with a fast 10W + 10W Qi wireless charging pad made of solid genuine marble, travertine, sandstone, or lava stone, universally compatible with all Qi-enabled devices. It's not just a dual wireless charger — it's a **piece of art** that beautifully complements your home or office, a worthy complement to the world-class technology and fine industrial design of your devices. No need to settle for another cheap piece of plastic!

White Marble

The Dual Charging Stone was **designed and precision engineered in Italy** at Einova's research and design headquarters (Modena, Emilia-Romagna). It features

Eggtronic's patented Wireless Charging Technology to achieve the fastest, safest, most energy-efficient wireless charging experience available on the market.

# What makes the Dual Charging Stone unique?

---

1

**Beautiful solid genuine stone:**

Quarried and cut from hand-selected natural materials, then finely polished until smooth.

2

**Designed in Italy:**

Clean modern style that harmonizes with your space.

3

**10W + 10W Fast Charge:** Power up two Qi devices simultaneously.

4

**Qi certified:** Certified by the Wireless Power Consortium for speed, safety, and reliability you can trust. A full charge for iPhone 12 takes just 3h 20'.

5

**Eggtronic's patented Wireless Charging Technology:**

Ultra-energy efficient power delivery with overheat protection and other advanced safety features from Eggtronic, the innovative power engineering company behind Einova. The stone material itself contributes to safety by acting as a natural heat sink, keeping your device cool and improving charging performance.

6

**1-year limited warranty and lifetime customer support:**

With 24/7 support by phone, live chat, or email, Einova stands by its products.

# What specifically to look for

---

1

**The luxuriously substantial weight of the 1-inch thick stone:** Feel the quality of the Dual Charging Stone's solid genuine materials — it stays put, wherever you place it and however you use it. The marble or stone pad's sophisticated design enhances your workspace, nightstand, countertop, or table. Unlike other low-quality plastic tech accessories, the Dual Charging Stone is a beautiful object in its own right that you'll use daily and display proudly.

2

**The unique marbling or other surface pattern:** Your Dual Charging Stone features a surface pattern that is inherently unique, a gift from the natural stone.

3

**Ingeniously user-friendly and simple design:** The Dual Charging Stone exemplifies understated elegance with no extraneous lights, buttons, or plastic fixtures.

4

**Easy alignment:** Simply center your devices on the left or right side of the Dual Charging Stone's surface — it's that easy.

5

**The smooth polished top surface:** The stone surface is polished to complete smoothness, creating a completely safe surface for the glass or plastic body of your device.

6

**Velvet bottom surface protection:** The velvet pad on the bottom protects the surface you place it on.

7

**Braided nylon cable:** For durability and strength, and in a complementary color to your stone variety.

# Compatibility

The Dual Charging Stone is compatible with all **Qi-enabled devices**, including iPhone 12 / 12 Pro / 12 Pro Max / 12 Mini / 11 / 11 Pro / XS / XS Max / XR / 8 / 8 Plus AirPods / AirPods Pro / Samsung Galaxy S20 / S10 / Galaxy S9 / S9 Plus and many more. Most recent smartphones (since roughly 2018) have native Qi wireless charging capabilities.

Fully compatible with the **Apple MagSafe** wireless charging standard and **iPhone 12**.

Feel free to charge your phone with a wireless-charging compatible **phone case** attached (< 5 mm thick, no metal components).

# How to use

**1**

Connect the Dual Charging Stone's integrated cable to the DC connector of the included power adapter, then plug the power adapter into a power outlet.

**2**

Place your Qi-enabled device on one of the Dual Charging Stone's Qi spots to begin wireless charging.
