Product overview

Thank you for choosing the **Einova Charging Stone**! The Charging Stone adds a little luxe to your everyday recharge with a fast 10W Qi wireless charging pad made of solid genuine marble, travertine, sandstone, or lava stone, universally compatible with all Qi-enabled devices. It's not just a wireless charger — it's a **piece of art** that beautifully complements your home or office, a worthy complement to the world-class technology and fine industrial design of your devices. No need to settle for another cheap piece of plastic!

White Marble

The Charging Stone was **designed and precision engineered in Italy** at Einova's research and design headquarters (Modena, Emilia-Romagna). It features Eggtronic's

patented Wireless Charging Technology to achieve the fastest, safest, most energy-efficient wireless charging experience available on the market.

What makes the Charging Stone unique?

1

Beautiful solid genuine stone:

Quarried and cut from hand-selected natural materials, then finely polished until smooth.

2

Designed in Italy: Clean modern style that harmonizes with your space.

3

Eggtronic's patented Wireless Charging Technology: Ultra-energy efficient power delivery with overheat protection and other advanced safety features from Eggtronic, the innovative power engineering company behind Einova. The stone material itself contributes to safety by acting as a **natural heat sink**, keeping your device cool and improving charging performance.

4

1-year limited warranty and lifetime customer support: With 24/7 support by phone, live chat, or email, Einova stands by its products.

What specifically to look for

1

The luxuriously substantial weight of the 1-inch thick stone: Feel the quality of the Charging Stone's solid genuine materials — it stays put, wherever you place it and however you use it. The marble or stone pad's sophisticated design enhances your workspace, nightstand, countertop, or table. Unlike other low-quality plastic tech accessories, the Charging Stone is a beautiful object in its own right that you'll use daily and display proudly.

2

The unique marbling or other surface pattern: Your Charging Stone features a surface pattern that is inherently unique, a gift from the natural stone.

3

Ingeniously user-friendly and simple design: The Charging Stone exemplifies understated elegance with no extraneous lights, buttons, or plastic fixtures.

4

Easy alignment: Simply center your device on the Charging Stone's surface — it's that easy.

5

The smooth polished top surface: The stone surface is polished to complete smoothness, creating a completely safe surface for the glass or plastic body of your device.

6

Velvet bottom surface protection: The velvet pad on the bottom protects the surface you place it on.

7

3ft braided nylon cable: For durability and strength, and in a complementary color to your stone variety.

Compatibility

The Charging Stone is compatible with all **Qi-enabled devices**, including iPhone 12 / 12 Pro / 12 Pro Max / 12 Mini / 11 / 11 Pro / XS / XS Max / XR / 8 / 8 Plus AirPods / AirPods Pro / Samsung Galaxy S20 / S10 / Galaxy S9 / S9 Plus and many more. Most recent smartphones (since roughly 2018) have native Qi wireless charging capabilities.

Fully compatible with the **Apple MagSafe** wireless charging standard and **iPhone 12**.

Feel free to charge your phone with a wireless-charging compatible **phone case** attached (< 5 mm thick, no metal components).

How to use

1

Connect the cable to the power adapter and plug the power adapter into the power outlet.

2

Center your Qi-enabled smartphone on the Charging Stone surface to charge your phone. Your phone will automatically begin charging once it is in alignment.

Specifications

Charging Stone:

Dimensions:

Diameter 4.65 in, thickness: 0.82 in

Weight:

1.26 lbs

Wireless output voltage:

5W/7.5W/10W fast charge

Material:

genuine marble, travertine, lava stone, or sandstone

Integrated cable:

premium, braided (3ft), USB-A tip

Input voltage:

5V 2A / 9V 1.67A

Power adapter:

Input type:

USB-A

Output:

5V 3A/9V 2A/12V 1.5A

Input:

AC 100-240V 50-60 Hz 0.35A

Package includes:

Charging Stone with integrated braided nylon USB cable (3ft), USB power adapter, user manual.

Charging times¹

Device	Time to full charge
Samsung S8	3h 32'
Samsung S10+	3h 19'
iPhone 12	3h 20'
Xiaomi Mi9	2h 05'

¹ Charging times based on tests conducted under real-world conditions at Einova's research laboratories. Your charging performance may vary.

Availability

The Charging Stone is available in **seven different natural stone variations**.

Authorized retailers include einova.com, Amazon.com, and in stores including Target, Best Buy, Walmart, Home Depot, Office Depot, Staples, and more.

About Einova by Eggtronic

Empowering Your Life

Eggtronic has been revolutionizing the world of power electronics and wireless power since 2012. Based in Modena, Italy, San Francisco, and Guangzhou, China, Eggtronic's specialized mechatronic and electrical engineers are creating the next generation of micro-sized, energy-efficient power conversion. More than 200 international patents have been granted worldwide to date.

Einova is the Eggtronic retail brand that unites Eggtronic innovations with premium Italian product design. Einova wireless chargers, power banks, and power adapters are sold in retailers throughout North America, Europe, and the Middle East and online at Einova.com. Whether for B2B partnerships or for today's discerning consumers, Eggtronic and Einova help make modern life easier, more efficient and more connected.
