Product overview

Thank you for choosing the **Einova Valet Tray**! Keep charged up and organized with this stylish and practical personal organizer. The Valet Tray wirelessly fast charges your smartphone while keeping all your essential pocket items collected and easily at hand — perfect for front entryways, desks, and nightstands. And it's available in **four sophisticated colors** (black, gold, graphite, and bronze), each one wrapped in a soft touch finish that's a pleasure under the fingers.

The Valet Tray was **designed and precision engineered in Italy** at Einova's research and design headquarters (Modena, Emilia-Romagna). One half of the device features 10W fast charging with three wireless charging coils for

easy alignment and **maximum positioning power**. The other half is space for your keys, wallet, sunglasses or other personal items. An **extra USB-A output** allows you to charge a second device via cable, ideal for charging smartwatches.

What makes the Valet Tray unique?

1

10W Qi-Certified Fast Wireless Charging: Fast, safe and certified reliable power delivery that charges your Qi-enabled device 2x faster versus standard wireless charging — just under 4 hours to fully charge an iPhone 11.

2

Triple coil alignment system: Enjoy easy smartphone positioning. The three embedded coils frees you from needing to align with the exact “sweet spot”. Simply place your phone in the delineated charging area.

3

Sleek accessories storage: Keep all your most important personal items organized and in one place. The Valet Tray isn't just a wireless charger. It's also a versatile personal catchall that makes your life easier. It's an elegant way to upgrade any number of different spaces in the home or office.

4

1-year limited warranty and lifetime customer support: With 24/7 support by phone, live chat, or email, Einova stands by its products.

What specifically to look for

1

Four beautiful color variants:

Black, gold, graphite, and bronze, choose the perfect one to complement your space.

2

Luxe soft touch finish: Soft to feel and resistant to fingerprints.

3

Extra USB-A output port: Charge a second device simultaneously via cable with the extra 5W USB-A port. It's ideal for connecting your Apple Watch charging puck or any other USB-A device.

4

LED indicator light: The elegant LED indicator light, located in the storage space area of the Valet Tray, clearly shows when power is being delivered to your device.

5

Power adapter included: With an integrated 4ft cable.

Compatibility

Valet Tray is compatible with all **Qi-enabled devices**, including iPhone 12 / 12 Pro / 12 Pro Max / 12 Mini / 11 / 11 Pro / XS / XS Max / XR / 8 / 8 Plus AirPods / AirPods Pro / Samsung Galaxy S20 / S10 / Galaxy S9 / S9 Plus and many more. Most recent smartphones (since roughly 2018) have native Qi wireless charging capabilities.

Fully compatible with the **Apple MagSafe** wireless charging standard and **iPhone 12**.

Feel free to charge your phone with a wireless-charging compatible **phone case** attached (< 5 mm thick, no metal components).

How to use

1

Connect the Valet Tray to the power adapter and plug into a power outlet.

2

Place your Qi-enabled smartphone in the wireless charging area of the Valet Tray and align it with the wireless charging spot. Your smartphone is correctly aligned when it begins to charge wirelessly.

3

Charge a second device simultaneously using the USB-A output: insert your device's charging cable into the USB-A port, then connect to your device.

Notes

To avoid damaging your device, wireless charging will automatically stop when your device is sufficiently charged.

LED indicator

The LED in the center of the accessories area is a wireless charging indicator. It turns ON when the Valet Tray is actively charging a device in the opposite wireless charging area. When the Valet Tray is not charging a device the LED will remain OFF.

Note

The USB-A port does not have an LED indicator.
